Reviews

This publication is fantastic. It is one of the most amazing publication i have got study. I am just pleased to explain how this is actually the best pdf i have got read through in my individual lifestyle and could be he finest publication for possibly.

(Mr. Kristoffer Hills)

MY SILLY BODY AND BOOK

Workman Publishing. Hardback. Book Condition: new. BRAND NEW, My Silly Body and Book, Paul E. Hanson, Eric Nagourney, The body - It's a full-size, full-colour illustrated cardboard cut-out with lift-and-learn flaps on one side that reveal the organs, bloodstream, nerves, and muscles. Here are the guts: heart, lungs, stomach, intestines - with captions that describe what each does. Here is the brain - lift the flap over the forehead and discover the master organ that controls everything from heartbeats (72 a minute) to learning ABCs. Flip the figure over, and it's like looking at a perfect X ray - a complete 4-year-old skeleton, from skull to the small bones in the toes and fingers. The book - accompanying the body cut-out is a 64-page illustrated owner's manual. Learn the mystery of the disappearing bones (babies are born with 300 bones, but have only 206 when they're fully grown). And take a fascinating trip through the digestive system and find out why we really are what we eat.
