

Wasserpoltik Zur Politischen Theorie. Praxis und Kritik Globaler Governance

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

(Mitchell Kuhn III)

Paperback Pages Number: 341 Language: Simplified Chinese Publisher: Social Sciences Academic Press; 1st edition (November 1. 2011). Water politics: the political theory of global governance. practice and criticism Description: dirty liquid with blue gold - the world's drinking water crisis. Water has always been an important social and political problems. the countries in the world of ancient war occurred repeatedly over water. water has become the world's scarce resources. will be the most serious threat to the survival of us and our planet Earth . Former UN Secretary General Boutros Boutros-Ghali also predicted: In the future certain areas of the war will not be a political war. but the water war. The protection of water resources and water supply is a public service or private for-profit means? Recent years. with the worsening water crisis in the world. the issue of water resources has become an important issue in domestic politics and international politics. Water politics: the political theory of global governance. practice and criticism from a different dimension to the global water crisis. a deep analysis. comprehensively reviewed the process of development from public life-support system to the global governance mechanisms. described in detail with this a series of political theory. is one of the few water political interpretation of the book. For those who are concerned about the water crisis as well as political science and public administration issues. the book has high reference value. Four Satisfaction guaranteed, or money back.
