Reviews

Extensive manual! Its such a great read. It really is loaded with knowledge and wisdom You wont really feel monotony at at any time of your time (that's what catalogs are for regarding if you ask me).

(Myrl Hintz)

FRONTIERS IN ALGORITHMICS

Springer-Verlag Gmbh Jun 2009, 2009. Taschenbuch. Book Condition: Neu. 238x159x25 mm. Neuware - The Third International Frontiers of Algorithmics Workshop (FAW 2009), held during June 20-23, 2009 at Hefei University of Technology, Hefei, Anhui, China, continued to provide a focused forum on current trends in research on algorithmics, including discrete structures and their applications. We aim at stimulating the various fields for which algorithmics can become a crucial enabler, and to strengthen the ties between the Eastern and Western algorithmics research communities as well as theory and practice of algorithmics. We had three distinguished invited speakers: Guoliang Chen, Andrew Chi-Chih Yao and Frances Foong Yao, speaking on parallel computing, communication complexity and applications, and computer and network power management. The final program also included 33 peer-reviewed papers selected out of 87 contributed submissions, covering topics including approximation and online algorithms; computational geometry; graph theory and graph algorithms; games and applications; heuristics; large-scale data mining; machine learning; pattern recognition algorithms; and parameterized algorithms. April 2009 Xiaotie Deng John Hopcroft Jinyun Xue Organization FAW 2009 was organized by Hefei University of Technology, China. 372 pp. Englisch.
