

Knowledge, Options, and Institutions

By Bruce Kogut

Oxford University Press, USA. Hardcover. Book Condition: New. Hardcover. 400 pages. Bruce Kogut's writing has sketched a theory of human motivation that sees managers as social, often altruistic, sometimes as selfish, who care about their colleagues and their status among them. For the first time this book collects together key pieces that show how this view works in application to practical managerial issues, such as technology transfer and licensing, joint ventures as options, and the diffusion of ideas and best practices in the world economy. In an extensive introduction to these chapters, Kogut grounds this view in recent work in neurosciences and behavioural experiments in human sociality. On this basis, he provides a critique of leading schools of thought in management, including the resource based view of the firm, cognition, and experimental economics. He proposes that people are hardwired to learn social norms and to develop identities that conform to social categories. This foundation supports a concept of coordination among people that is inscribed in social communities. It is this concept that leads to a theory of the firm as derived from social knowledge and shared identities. Kogut argues that the resource based view of the firm is only a...
