Livetrue Books. Paperback. Book Condition: New. Paperback. 186 pages. Dimensions: 8.9in. x 5.8in. x 0.6in. In the movie The Matrix, the character Morpheus offers two pills to Neo--if he takes the blue pill, he will go on with life as he has before, believing what he has always believed. If he takes the red pill, he will find out what the matrix really is, and many of his earlier beliefs will be shattered. When it comes to taking a hard look at a specific set of beliefs about parenthood and reproduction that has driven our society for generations, The Baby Matrix is the red pill. We commonly think our desire to have children boils down to our biological wiring, but author Laura Carroll says its much more than that. Unlike other books on parenthood, The Baby Matrix: Why Freeing Our Minds From Outmoded Thinking About Parenthood and Reproduction Will Create a Better World takes a serious look at powerful social and cultural influences that drive the desire for the parenthood experience, and lays out why we need to be very aware of these influences to make the most informed decisions about parenthood. The Baby Matrix looks at long-held beliefs about parenthood and reproduction, and unravels why we believe what we believe. It lays out: -the historical origins of beliefs about parenthood and reproduction-why many of these beliefs no longer work for society or were never true in the first place-why we continue to believe them anyway-the prices society pays as a resultThe Baby Matrix shows us how we got here, brings to light what is true, which includes knowing about the powerful influence of pronatalism, and explains why society can no longer afford to leave pronatalism unquestioned. This is not a book about convincing people not to have children, says Carroll....
