In the East Japanese rock gardens or Zen gardens have been places where people could meditate in serene and harmonious surroundings. Why are more people designing their own gardens incorporating at least one rock garden in the design? Even if the rock garden is quite small, it is going to add a touch of distinction to the landscaping of your garden. In Japan, rock gardens were normally built as dry landscape gardens, where a number of landscapes were made up of natural compositions made from natural products incorporated into a landscape. These natural items included bushes, trees, Moss, water, rocks and sand. One believes that the concept of rock gardening originated in China, especially when the ancient religion of Shintoism spoke about places of harmony where one could commune with nature and the spirit in serenity. These were normally made in monasteries, where they could be seen from one focal point, like say the porch of the head priest of the monastery. These dry Landscape gardens which you call a Zen garden in Japan were built to be seen from one viewpoint, with the walling closed around it in ancient times. Nowadays they stretch on...
